

**ArcSource Group, Inc.** is a certified SBA 8(a), Economically Disadvantaged Woman-Owned Small Business (EDWOSB) that delivers training and management related services and IT support services to federal and commercial clients.

We are seeking a **Sr. Technical Program Manager**, with significant experience managing technical programs (ideally Cybersecurity) which cover 12 or more projects / functions in a large IT enterprise.

This position is in Raleigh, NC.

**Key Responsibilities/Requirements:**

- Primary responsibility is to report program status to senior management
- Manage/plan work for multiple teams
- Drive weekly sprints; define quarterly/annual goals
- Define and develop metrics to measure key indicators including value, efficiency, and effectiveness
- Track and report on the efforts of up to 20 project teams or technology functions
- Experience transitioning projects/services into on-going operational modes
- Prepare justifications and business cases for recommendations on cybersecurity initiatives
- Make recommendations of staffing and quality improvement initiatives
- Exceptional communications, both oral and written
- Develop and present program status/metrics to senior USPS management
- Identify roadblocks and propose effective solutions
- Ability to positively influence peer organization and key stakeholders
- Technical background and experience with boundary and end-point protection services such as Intrusion prevention (network and host based), Firewalls, Anti-virus, email security, and Web application security

**Education and/or Experience:**

- 10+ years' experience with technical program management
- Bachelor's degree (MBA preferred)
- Experience in Telecom is preferred

**Certifications:**

- Project Management Professional (PMP)

**Employee Benefits:**

- Medical, Dental, & Vision Benefits; 401k
- Long Term & Short-Term Disability; Life Insurance
- Three weeks PTO + Federal Holidays
- Salary dependent on skills and experience
